

Lydia

Here is a testimonial for your website - Thanks for the wonderful work you do. You have opened the bonds of communications between Annie & I - I will always be grateful for the gift you have given us.

& Annie

I first met Lydia about 7 years ago after I bought my first mare, Fanny. We spoke several times over the next years always with surprising, amazing, funny and sometimes inspirational communications. So when I was ready to purchase my second mare, Annie, naturally Lydia was the first person I called for a pre-purchase reading. She validated the decision I was making, not just a decision of the heart but one of the mind. Knowing what each of us had to offer definitely made the transition between Annie & myself so much easier.

Now I keep in touch through Lydia at least every 6 months, just to make sure Annie & I are both on the same page.

Whether in person at the Equine Affair or a personal visit to Procking T Ranch for a fun day with all of our horse friends or a reading over the phone, Lydia has helped me build a stronger bond, through communication, with Annie. ♡
